Memo

GOVERNMENT OF MYSORE

Now that an Actuary's valuation of the Financial condition of the State Insurance has been received & shows very satisfactory results, I venture to submit for the favourable consideration of the ~~Govt~~ Committee the following proposals for a slight increase of establishment the absolute necessity for which I have been realizing for the past three years. The present establishment has had no increase since the regular formation of this office & consists of.

1 Manager on	Rs. 50/—
1 Accountant on	Rs. 30/—
1 Clerk	Rs. 20/—
1 Munshi	Rs. 15/—
1 Mutchi	Rs. 12/—
2 Peons	Rs. 14/—
contingencies	Rs. 9/—
Total	Rs. 150/—

The following statement shows to what extent work has increased and is increasing

PJO

	number of Policies issued	Total on the Books	Average monthly income	Balance of Fund	Remarks
1891-92	230	230	241	1843	
1892-93	266	481	2345	28083	
1893-94	266	733	3079	56935	
1894-95	494	1214	5411	105395	
1895-96	458	1645	6075	166633	
1896-97	437	2063	6936	237061	
1897-98	902	2950	7400	22580	

The percentage of charges on the average monthly income of Rs. 7400/- is only Rs. 2/- while some of the private companies work at such high figures as 12 & 16 % even 20 %

The present valuation by the Actuary assumes a percentage of 5 which he considers as the most economical consistent with efficiency. From the accompanying proposition statement it will be found that I propose an increase of 66 rupees which would raise the percentage from 2 to 3 very well within the minimum fixed by the Actuary—

Besides two additional hands on Rs. 20/— 25/—

and Rs. 15/, I propose to make the pay of the manager and the Accountant progressive & to correspond with the pay of the 2nd & and 3rd grade Accountants in the Comptroller's office. For these two responsible places I have been hither to securing the service of two experienced accountants from the Comptroller's office & the system has been working very efficiently but there was this draw back, I was not able to keep them sufficiently long in the office as these men belong to a graded service on progressive pay & frequent change of hands was unavoidable though it was very undesirable in the interests of this office —

For the preparation of Statistics &c for the information and guidance of the Actuary my office establishment had to devote their whole time for nearly a month myself taking a direct part in the most important part of the work out of office hours; current work has fallen some what in

arrears

arrears. I beg therefore that these proposals may be sanctioned very early

(Sd) E. R. Subrayer

Secy Insurance Committee

I approve of these proposals, as the work is most undoubtedly ~~be~~ increasing, but I should like it ~~to~~ to have gone in with some proposals for granting Medical officers fees for the extra trouble they are put to. There is at present considerable discontent ~~amongst~~ amongst them and I think they have a distinct grievance & instead of worrying Govt: with several proposals why not make one general proposal, first for the increase of pay of the office establishment & 2nd for the fees to the Medical Officers

(Sd) Percy H. Benson

Senior Surgeon

I agree to the Secretary's proposal, which seem to me to be very moderate If Govt sanction is necessary I would apply for it at once I would also ask Govt to allow the

Committee the Honble Chairman
charges of Govt up to a limit of 3%
of the average quantity income for
the present. This would expedite
disposal of work and obviate frequent
references to Govt.

sd/ J. R. A. Thumboo Esq,
Bangalore 7th July, 1898

I agree with the Secy

I concur with the President as
regards the Secretary's proposals
for increase in fees, as very
moderate and think the Committee
would adopt them with the Presidents
modifications that Govt be asked
to allow the Committee to sanction
expenditure at rates not to
3% on annual income leaving
the details to them But I also
adhere to the Revd Surgeons suggestion
that Medl. Officers should be
remunerated Like the President
and members of the Committee
and would embody all these

Suggestions in one application
to Govt

sd/ J. Campbell Walker

I agree with the President.

The present proposal of the
Secy is moderate & should be
sanctioned and if necessary
Govt should be addressed to

The Secys proposal is very
fair and Govt may be
addressed on the subject.
